The weather was warm and cloudy yes

The weather was warm and cloudy yesterday, with several short rain-storms during the day. At Pittsburg the giver is rising, with two feet ten inches in the channel. The Kanawha is falling, with two and a half feet in the channel. Here the river is about on a stand, with four and a half feet on the shoalest bars to Louisville; four feet four inches in the canal, and four feet on the falls.

Yesterday afternoon, between four and five o'clock, a fire was discovered on board the steamer Anglo-Saxon, lying at the foot of Washington Street, Fulton. The alarm was immediately given, and the engines were soon on the spot, but the fire had been extinguished before they arrived. The fire caught in a state-room in which several mattresses, bedding, and carpets were stowed, and burned several adjoining rooms. The loss is estimated at \$500. The fire is supposed to have been the work of an incendiary.

Louisville.—The Journal of Friday

Louisville.-The Journal of Friday

The river was falling slowly yesterday, with four feet two inches water in the canal, in the evening by the mark. During the previous 24 hours it had receded six inches at Portland. The weather is changeinches at Portland. The weather is changeable, with a hard rain evening before last, and another rain yesterday atternoon, with heavy clouds overhead, portentous of more rain. The rain has materially cooled the atmosphere, the thermometer at noon ranging at 85 degrees, and down to 80 degrees at 5 p. M.

On the falls last evening there were 26 inches of water in the pass down the Indian chute, and the river falling.

The Mary Ament, owing to the prevailing dull times, has been withdrawn from the Louisville and Evansville trade, and has laid up. She is a neat, new boat, and has become quite a favorite along the route.

Capt, Perry McNeely, the wrecker, has just finished raising the steamboat Dime, at the foot of Fifth Street. Every thing was in a damaged condition.

The Democrat of Friday says: The St. James and the Nora have gone to the benevard at Cincinnati.
Captain Lewis Northern, an old and well-known Cumberland-river steamboatman, died a few days since at Sunnyside Landing, Chicot County, Ark., in the 41st year of his age.

The Tarascon came up crowded with passengers.

MEMPHIS.-The Appeal of Wednesday

On Monday night a very heavy rain fell, which must have been general, as none of the morning trains reached the city until a late hour last evening, leaving us without our usual exchanges. Throughout the day yesterday, it was sultry and showery, the rain falling to cool the atmosphere, and making the levee very muddy, and causing great delay and light trips among the departing boats. The river is still stationary at this point.

The David White wrecked a wheel on the hull of the Telegraph, at Osceola, and

did not arrive until yesterday morning, and after repairing the damage, she proceeded on her way to New Orleans.
